I live on Wilhelmina & Philadelphia. I've lived on both sides of Anaheim Blvd. I've always felt that the 2 communities have differences in their population & characteristics b/c of Pearson Park there is more development on that side of Anaheim Blvd.

As I understand the redistricting needs of Anaheim from the Sept. 1 meeting, only 3 districts are out of balance. My suggestion therefore, is for the redistricting to concentrate solely on the out of balance districts of 3,4, and 6 and the other communities to be left alone. Since District 5 is too large and Districts 3 and 4 need more residents, and these districts border each other, I believe the adjustments should be easier made between these districts without disrupting the communities of Districts 1, 2, and 6. Thank you for taking my suggestion under consideration.
